Uniform Campus Crime Report

The San Francisco Community College District Police Department prepares and is required to provide the Department of Justice with an annual report containing the number and type of criminal offenses committed within the jurisdiction of the SFCCDPD as well as citations issued and arrests made. This information is forwarded to the Federal Bureau of Investigations for inclusion in their annual publication, Crime in the United States.

The federal Clery Act requires the college to provide additional information to the community. Crimes that must be reported include murder, manslaughter, sexual offenses, domestic violence, dating violence, robbery, aggravated assault, stalking, burglary, motor vehicle theft and arson. In addition, the college must report arrests or disciplinary referrals for liquor, drugs and weapons offenses and hate crimes by classification.

The Clery Act requires any College Official having knowledge of criminal acts as defined by the Clery Act to report that information to the SFCCDPD for inclusion in the annual safety report. The report also includes Public Property crimes of the campuses surrounding areas compiled by SFPD Crime Analysis Unit. Once the information is gathered, the San Francisco Community College District Police Department prepares the Annual Security Report (ASR)

Students Right to Know

The San Francisco Community College District Police Department “Annual Security Report” is the department’s student *right to know report*. The report is posted on the SFCCDPD web site, and an updated hard copy is printed and available to the public at the SFCCDPD headquarters Bungalow 800. Call 415-239-3200 for more information on how to obtain a copy.

An electronic daily crime log is maintained in the SFCCDPD headquarters and is available for review by the public during normal business hours. It also can be found at: <https://www.ccsf.edu/campus-police/clery-act-and-crime-activity-log>

Timely Warning Statement

The San Francisco Community College District Police Department believes that a well-informed community is an integral component in maintaining the safest campuses and facilities possible. We report crime to the College community by providing an Annual Security Report and posting daily logs on our website. In addition, the police department will create crime alerts to the College Community when there are reports of Clery crime acts, violent crimes and/or crimes that are deemed to represent a continuing threat to any College Campus or Facility within the Clery geography. The decision to issue a timely warning is made by the police department personnel (Chief, Lieutenant, Sergeants) and shall be made on a case-by-case basis after consideration of the available facts, including factors such as the nature of the crime, the continuing danger or risk to the campus community, and the possible risk of compromising law enforcement efforts. Victim(s) information will be held confidential.

The San Francisco Community College has the discretion to issue safety alerts in order situations as well.

Crime Alerts can be distributed by one or more of the of the following means, but are not limited to;

- Bulletins or flyers posted throughout the affected campuses on exterior doors to buildings and bulletin boards
- Posted electronically on college police web site at www.ccsf.edu/police
- Sent by mass e-mail
- RAVE mass notification system application (text messaging, e-mail, and voicemail).

Bulletins will include information about the incident, any other special instructions, and crime prevention recommendations. Timely Warnings will typically be posted as soon as all the relative information has been received.

City College of San Francisco provides mass notification system (RAVE), to the campus community, this enables communication to the campus community via text messaging, email and voice. This system will be used for both emergency and important non-emergency, information to be shared with our college community. Employees and registered students will automatically be entered into this system via Banner merge. It is important to update your cellular phone, and email information in Banner at www.ccsf.edu/web4

Annual Disclosure of Crime Statistics

The "Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act" is a federal law that requires institutions of higher education (colleges and universities) in the United States to disclose campus security information including crime statistics for the campus and surrounding areas. All institutions of post-secondary education, both public and private, that participate in federal student aid programs must publish and disseminate an annual campus security report in addition to providing timely warnings of any criminal activities.

To comply with the Act, The San Francisco Community College District Police Department is responsible for gathering crime statistics and providing safety information to all students, staff,

faculty, visitors and prospective students and employees of the District. The Chief of Police designates public safety personnel to oversee this process, which includes, collection of in-house data, as well as, request statistics annually, via written correspondence from local law enforcement agencies and campus security authorities.

Crime Reporting Procedures

City College of San Francisco endorses a reporting policy that strongly encourages community members, students, staff, faculty and guests to report all criminal activity and emergencies to the San Francisco Community College District Police. The SFCCDPD officers will be dispatched to all calls that are reported and will investigate them in a properly timely manner. The officers will assess the situation and will call for the appropriate emergency personnel (SFPD, fire and medical), if necessary. If you desire to report the crime later, please contact our office at 415-239-3200 or come in person to the Police station in Bungalow 800 (Judson Village). In addition, you can contact your local police department.

Crimes or emergencies in progress or those that have just occurred should be reported to the SFCCDPD Dispatch by dialing (415) 239-3200 or 9-1-1. Calls can also be made from any emergency call box. Some buildings have white courtesy phones that dial directly to the SFCCDPD dispatch. The SFCCDPD has the primary jurisdiction and responsibility to provide police services to the City College Campuses.

The SFCCDPD hours of operation are 7 days a week, Monday thru Thursday from 6:00 am to 12:30 am. Fridays from 6:00 am to 11:00 pm, and weekends from 7:00 am to 11:00 pm (Holidays and special events schedules vary). To report incidents between the hours of 12:30 am and 6:00/7:00 am, dial 911 for emergencies only or the San Francisco Police non-emergency at (415) 553-0123. SFPD will aid wherever needed and provide information of any crime needed to be included the annual security report.

Non-Emergency assistance can be obtained by calling SFCCDPD Dispatch at (415) 239-3200 or going to the SFCCDPD police station located at City College's Ocean Campus in Bungalow 800 (Judson Village)

In addition, under Clery act guidelines, a crime is "reported" when it is brought to the attention of a campus security authority (CSA) or local law enforcement personnel by a victim, witness, other third party or even the offender. It does not matter whether or not the individual(s) involved in the crime, or reporting the crime, are associated with the institution. If a campus security authority (CSA) receives the crime information and believes it was provided in good faith, he or she should document it as a crime report. *In "good faith" means there is a reasonable basis for believing that the information is not simply rumor or hearsay. That is, there is little or no reason to doubt the validity of the information.* **Campus Security Authority: 34 CFR 668.46(a)** – While not defined in statute, regulations provide that CSAs include, *campus*

police or security departmental personnel; individuals or organizations identified in institutional security policies; and individuals with security-related responsibilities. The definition at 668.46 (a)(iv) states that a CSA also includes an official “who has significant responsibility for student and campus activities.” **Example of Campus Security Authorities are, but not limited to: Dean of Student Affairs, Director of Athletics Department, Team Coaches, or Faculty Advisors.**

Voluntary, Confidential Reporting reports of criminal activity, particularly crime of sexual violence, may be made allowing the victim to remain anonymous. The purpose of confidential or anonymous report is to comply with your wish to keep your identity anonymous, while taking steps to ensure the future safety of yourself and others in the college community. With such information, the college can keep an accurate record of the number of incidents involving students, faculty, and staff, as well as determine whether there is pattern of crime concerning a particular location, method, or assailant, and alert the campus community to potential dangers.

Anonymous Reporting “anonymously” means that the reporting party report to the college without identifying themselves, and want someone in the college to be aware of the experience, but do not want to be involved in an administrative investigation. If you would like to report a crime or related concern and remain anonymous by doing so, please contact the City College police department at **415-239-3201**. Make sure to tell the dispatcher you are making an anonymous reporting.

Unfounded Crime Report:

Only sworn or commissioned law enforcement personnel can make a formal determination that the report was false or baseless when made and that the crime report was therefore “unfounded”. Crime reports can be properly determined to be false only if the evidence from the complete and thorough investigation establishes that the crime reported was no, in fact, completed or attempted in any manner. Crime reports can only be determined to be baseless if the allegations reported did not meet the elements of the offense or were improperly classified as crimes in the first place. A case cannot be designated “unfounded” if no investigation was conducted or the investigation was not completed. Nor can it be designated unfounded merely because the investigation failed to prove that the crime occurred; this would be an inconclusive or unsubstantiated investigation. The department must document, demonstrate that the determination to “unfound” the crime was based on the results of the law enforcement investigation and evidence.

Sexual Violence is any sexual act or attempt to obtain a sexual act by violence or coercion, unwanted sexual comments or advances, acts to traffic a person or acts directed against a person's sexuality, regardless of the relationship to the victim.

Sexual Assault is a general term that covers a range of crimes, including rape. As defined under California law, rape is non-consensual sexual intercourse that involves the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress.

Sexual intercourse is considered non-consensual and, therefore, rape when the person is incapable of giving consent because the victim is incapacitated from alcohol and /or drugs, or if a mental disorder or development or physical disability renders the victim incapable of giving consent. Whether the accused is a stranger, acquaintance, spouse, or friend is irrelevant to the legal definition of rape.

In 2014, California became the first State to define when “***yes means yes***” in sexual assaults cases on college campuses.

Consent with regard to sexual activity, is defined as:

Positive, unambiguous, and voluntary agreement throughout a sexual encounter to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. - “yes means yes”, Senate Bill 967. Consent cannot be inferred from the absence of a “no”; a clear “yes”, verbal or otherwise, is necessary. Consent to some sexual acts does not imply consent to other, nor does past consent to a given act imply present or future consent. Consent cannot be obtained by threat, coercion, or force. Agreement under such circumstances does not constitute consent.

Consent cannot be obtained from someone who is asleep or otherwise mentally or physically incapacitated, whether due to alcohol, drugs, or some other condition.

Sexual Coercion the act of using pressure, alcohol or drugs, or force to have sexual contact with someone against his or her will. And includes persistent attempts to have sexual contact with someone who has already refused.

- Talk to someone you trust. It is important to break the silence.
- Obtain a restraining order. San Francisco Community College District Police can obtain a temporary restraining order once a judge is reached and presented with the facts. You can also go to your local law enforcement agency. For more information on how to file a restraining order please call or visit:

- If you decide to leave the relationship, develop a safety plan. This plan can include asking a trusted friend for help, choosing a safe place to stay, collecting money, emergency phone numbers and a bag of clothes so you can leave quickly.
- Seek support

Stalking engaging in a course of conduct directed at a specific person, involving repeated (two or more) instances of visual, physical proximity, nonconsensual communication, or verbal, written (including virtual communications such as email, texting, social media, etc.), or implied threats (or combination thereof), that would cause a person to

- fear for his or her safety or the safety of others; or
- suffer substantial emotional distress.

Stalking behaviors also may include persistent patterns of leaving or sending the victim unwanted items or gifts that may range from seemingly romantic to bizarre, following or "lying in wait" for the victim, damaging or threatening to damage the victim's property, defaming the victim's character, or harassing the victim via the internet by posting personal information or spreading rumors about the victim.

WHAT TO DO IF YOU ARE STALKED

- If you have not already done so, assertively communicate that you want the behavior to stop and set/maintain personal boundaries.
- Try not to allow yourself to be isolated with the person.
- Tell family, friends, roommates, and co-workers about the stalking and seek support.
- Do not walk alone, particular at night. Call Campus Police 239-3200 for escort service to your vehicle or any other type of transportation. Make plans for friends to accompany you.
- If you feel you are unsafe, you probably are and should seek help. Take threats seriously. Danger generally is higher when the stalker talks about suicide or murder, or when the victim tries to leave or end the relationship. Do not confront a stalker. Got to a safe place and call the police.
- It is also a good idea to make a record of the stalking behavior. Keep a log including the date, time, what happened and the names of anyone who witnessed the incident. Save any packages, letters, messages or gifts from the stalker. Save all voicemail or text messages from the stalker.

BYSTANDER INTERVENTION

- If you see someone being physically abused, or in potential danger call 911 immediately.
- In many cases, the first step to safety is the knowledge that the victim is not alone it may help your friend or someone needing help to know that others experience abuse and that there are resources to get help.
- Be supportive and respectful. Make clear statements about your friend's value and rights as a person, such as "No one deserves to be abused or assaulted."
- Listen.

- Do not push your friend to leave. Support the choices she/he makes. She/he already has someone in her/his life that is controlling. She/he will feel empowered by not being told what to do.
- Do not criticize the abuser. A victim often has conflicting feelings about the abusive partner. If you are critical of the abuser, the victim may become defensive or may shut down. Instead you can talk about behaviors that are negative by saying something like, "I'm really concerned about how your partner treats you. Nobody has the right to put someone else down."
- Find out about the resources that are available.
- Learn as much as you can about dating abuse.
- Encourage your friend to make a safety plan if they have decided to leave the relationship. Your part in a safety plan can include walking home together, checking in at certain times of the day, and having a code word your friend can use if they need immediate help.
- Encourage your friend to make a safety plan if she/he chooses to stay. This includes: safe places to go if violence escalates, numbers to call, safe words that alert a friend that the victim/survivor needs help and to call 911.
- Do not confront the abuser. This can result in an escalation of violence against the victim.
- Do not slip a hotline card or any other information about abuse into someone's bag or under a door. This can escalate the violence against the victim.
- Do not send a voicemail message or an email message about the abuse to your friend. You do not know if the abuser is monitoring the phone or the computer.
- Be careful for yourself. Let your friend know what you are comfortable doing and what your boundaries are.
- Recognize the abuse victims "signal for help"

After an alleged sexual assault incident occurs, the District will make every effort to assist the victim in changing their academic situation, if so requested and if such changes are reasonably available. Assist the victim in obtaining a restraining order against the perpetrator by working along with San Francisco Community College District Police, District Attorney's Office and The Superior Court of California, County of San Francisco. Disciplinary actions would be imposed on recognized individual students, student organizations, faculty and staff found responsible for the sexual assault, domestic violence, dating violence, and stalking.

Due Process Procedures

The purpose of these procedures is to provide a prompt and equitable means to address violations of the Student Code of Conduct, as set forth in Administrative Procedures AP 5.17. Due process is a student's right to notice of the violation and a fair and impartial opportunity to be heard. The investigation of alleged crime(s) will be conducted by trained officials.

Notice of Violation to student

When violations are reported to the Office of Student Conduct & Discipline a letter will be sent to the student informing them of the Student Code of Conduct violation.

The letter is a Notification of Incident and Request for a meeting with the Disciplinary Officer. Student should adhere to any deadlines noted in the letter. Failure to adhere to deadlines will lead to a disciplinary hold placed on a student's academic record and possible suspension. The hold will prevent any transactions at the college, including enrolling/dropping classes, withholding transcripts, etc. Once a Disciplinary Conference is held, the student will be informed if the hold will be removed or remain on record.

Once an appointment is scheduled. If an appointment needs to be rescheduled contact the Office of Student Conduct & Discipline in advance prior to the scheduled meeting. If the disciplinary meeting is missed, the Disciplinary Officer will proceed as if the meeting was held and impose applicable sanctions based on the reported violations.

Depending on the nature of the allegation(s), in advance, the student is given the opportunity to bring an advocate to the scheduled disciplinary conference meeting.

Disciplinary Conference Meeting

At the Disciplinary Conference meeting, the Disciplinary Officer will briefly discuss the incident report and the violations.

Student will have the opportunity to present their side of the story.

Student may be tentatively informed of the sanctions and actions that will be taken and warned that continued misconduct may result in the imposition of additional sanctions.

Every case is decided individually.

Within ten (10) business days of the completion of the Disciplinary Conference, the Disciplinary Officer may dismiss the allegation of misconduct or impose any of the following sanctions:

- Warning
- Reprimand
- Restriction
- Restitution
- Disciplinary Probation
- Removal from an Academic Program:
- Removal from a Class Activity, or Site
- Suspension
- Expulsion

With the exception of a warning, all of the above disciplinary sanctions become part of the student's college disciplinary record.

The Disciplinary Officer may impose conditions for any or all of the above sanctions. The outcome of the disciplinary conference will be mailed to both parties involved.

The following disciplinary sanctions are not appealable: warning, reprimand, disciplinary probation, restriction, restitution, and removal from an academic program, suspension from specific classes, activities, programs, labs or locations.

Repeated and/or multiple infractions may lead to greater disciplinary sanctions.

Request for an Appeal Hearing in Cases of Suspension or Recommended Expulsion

If the Disciplinary Officer imposes a suspension or recommends expulsion, the Disciplinary Officer will advise the student of a right to request an appeal hearing

A written request for appeal must be submitted via certified mail no later than five (5) business days after the Disciplinary Officer imposes a suspension or recommends an expulsion.

The grounds for an appeal of suspension are limited to new information, errors in the statement of facts or violations of a student's due process rights.

New Information: Information sufficient to alter a factual finding or recommendation not raised during the Disciplinary Conference.

Error in Statement of Fact: Factual evidence or information that is inaccurate, misleading or misinterpreted.

Due Process: If the student does not appeal a suspension or recommended expulsion, then the suspension will be considered final.

Within 14 business days of receipt of a Request for an Appeal Hearing, a written notice of an Appeal Hearing will be sent to the student.

Failure to attend a scheduled hearing will automatically reinstate the suspension. A hearing will not be rescheduled.

The Hearing Officer or Hearing Panel shall issue a written decision to the student within ten (10) business days following the days of the appeal hearing.

The Hearing Officer may sustain the recommended sanctions imposed by the Disciplinary Officer or overrule the sanctions in whole or in part.

If the Hearing Officer recommends expulsion, the matter will be submitted to the Chancellor for Board of Trustees' final action.

The student has no further appeal of a suspension.

Confidentiality

From beginning to end, the district shall endeavor to maintain the identity of any alleged victim or witness of domestic violence, dating violence, sexual assault, or stalking on District property, in confidence unless the alleged victim or witness specifically waives that right to confidentiality. All inquiries from reports or other media representatives about alleged domestic violence, dating violence, sexual assaults, or stalking on District property shall be referred to the District's Office of Governmental Affairs & Public Information, which shall work with the San Francisco Community College District Police Department to ensure that all confidentiality rights are maintained throughout the process. The District will also make every effort to assist the victim in changing and protecting their academic situation, if so requested and if such changes are reasonably available. The District may or may not assist in other areas such as: living, transportation, and working conditions.

Employee Disciplinary Proceeding

If the student complaint is regarding an employee, a formal complaint can be submitted to the Director of Human Resources, at the College, whose role is to channel the complaint to the

appropriate Vice-Chancellor and to the Academic Senate. All parties shall be given written notice of the complaint.

Any party who submits a complaint must complete and submit the Student Complaint Against Instructor/Counselor electronic form, which describes:

- The specific nature of the complaint and its history;
- All efforts which have been made to resolve the complaint;
- What the appealing party would consider a fair and appropriate resolution of the complaint.

Upon receiving the complaint, the designated Vice-Chancellor and the Academic Senate shall each appoint one member to a committee whose function shall be to hear and decide the matter.

The District will investigate all complaints alleging sexual assault under the procedure for sexual harassment investigations described in AP 2.30 regardless of whether a complaint is filed with the local law enforcement. All alleged victims of domestic violence, dating violence, sexual assault, or stalking on District property shall be kept informed, through the Title IX Compliance Office and/or the Office of Student Affairs & Wellness of any ongoing investigation. Information shall include the status of any student or employee disciplinary proceedings or appeal; alleged victims of domestic violence, dating violence, sexual assault or stalking are required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality.

In reaching its decision, the committee may take any action, which could have been taken pursuant to the informal process, except that the committee may not redirect the matter. The findings and decision of the committee must be made in writing and provided to the student, the faculty member, and the member's supervisor, and must encompass some or all of the following results:

- Resolution of the complaint to the satisfaction of all parties
- Dismissal of the complaint with or without the consent of all parties
- Recommendation of appropriate action to the faculty member's supervisor. At the committee's discretion, its decision and the underlying student complaint may be inserted into the faculty member's personnel file

Formal complaints should be resolved as quickly as possible. Except under unusual circumstances, the written findings and decision of the committee should be provided within forty-(40) semester instructional days of its receipt of the formal complaint.

Any student or faculty member involved in a student complaint may, by his/her own initiative, provide representation of their choice.

If employee is found to be responsible for having committed such violation face discipline up to and including termination of employment. Actions may include, but not limited to: warning letters, disciplinary probation, demotion.

Reporting of Possible Criminal Violation to the District Attorney

If the finding of an investigation is that a sexual or other assault pursuant the Administrative Procedure 2.32 has occurred, the District shall submit the investigation report to the County of San Francisco Office of the District Attorney for review and action. The Compliance Officer and other District employees will work cooperatively with the City of San Francisco Police Department and the District Attorney. In addition, the District may report an incident to the San Francisco Police Department prior to completion of an investigation.

Project SURVIVE at City College of San Francisco a Program of the Women's Studies Department Promoting Healthy Relationships

Project SURVIVE is a peer education program at City College of San Francisco which trains students to make classroom presentations on promoting healthy relationships. Peer educators, both women and men; suggest resources and information to help students build intimate relationships based on respect and trust. They also offer students strategies for identifying, avoiding, and leaving abusive relationships.

Although Project SURVIVE focuses on ending sexual violence, especially violence against women, the program is dedicated to ending all forms of power abuse in relationships—both gay and straight—and in social groups and public institutions. By focusing on the real problem of violence against women while at the same time acknowledging the potential of power abuse by anyone, the program offers City College students an honest treatment of a serious problem confronting all of us.

Project SURVIVE holds to the principle that violence is a public health problem that can be alleviated, in part, through prevention education. The most empowering aspect of Project SURVIVE is that students deliver solutions to their peers in frank, open discussions. They approach the subject in a non-threatening, hopeful manner. Audiences are always receptive and often enthusiastic. Evaluations indicate that students appreciate learning from their peers—people they can identify with and trust.

Students become peer educators by enrolling in two courses: **WOMN 54 "The Politics of Sexual Violence" and WOMN 55, "Ending Sexual Violence: Peer Education."** Students may also become eligible for the Sexual Health Educator Certificate.

Peer educators visit a broad spectrum of classes (English, ESL, Learning Assistance, healthy, psychology, and human sexuality). They present Spanish-English and Chinese- English bilingual presentations at the Mission and Chinatown campuses. They also organize special events for Domestic Violence and Rape Awareness Months in October and April. Peers bring guest speakers to campus; show videos; create flyers, banners and stickers; and host art installations and performances, such as the Clothesline Project, ReDressing Injustice, Drawing the Shades, Unheard Voices, The Writing on the Wall, and The Real Men Poster Project.

Project SURVIVE has been visiting classrooms since 1993. In 2006, they launched the Expect Respect SF program, collaboration between the college and community-based organizations, which offers all 16 San Francisco public high schools a comprehensive, coherent, and consistent healthy dating curriculum. They give nearly 400 presentations each academic year, serving approximately 7,000 students.

For more information, call at 239-3899. If you are an instructor, invite them to your classroom. If you are a student, sign up for their classes so that you can become a peer educator and learn how to help other students promote healthy relationships.

Visit them in Cloud Hall 402A or on the web at www.ccsf.edu/survive.

IN THE EVENT OF EVACUATION

- Exit area immediately in a safe manner.
- While exiting, tell anyone you see to exit the area also.

WHEN EVACUATION AND EXIT ARE NOT AN OPTION

Shelter in place in the nearest room or office and if it is safe do so, secure the area as follows:

- Close the door. Use extreme caution if someone knocks or asks for help (it could be the shooter trying to trick you).
- Barricade the door with furniture, try to keep your body clear of the doorway.
- Turn off the lights.

- Close the blinds.
- Stay silent.
- Turn off radios, AV equipment, computer monitors and place your cellular phone on silent.
- Stay calm, quiet and out of sight.
- Use whatever you can to take adequate cover (concrete walls, thick desks, filing cabinets, etc).
- Place signs in the windows advising First Responders you need help and the number of wounded (DO THIS ONLY IF YOU ARE POSITIVE THE SHOOTER WILL NOT SEE THE SIGN).
- Apply first aid but keep your safety in mind.
- Stay in place until help arrives or until circumstances allow you to exit.

IF OUTSIDE WHEN A SHOOTING OCCURS

- Drop to the ground immediately, face down as flat as possible. If within 15-20 feet of a safe place or cover, duck and run to it.
- Move or crawl away from gunfire, trying to utilize any obstructions between you and the gunfire. Remember that many objects of cover may conceal you from sight, but may not be bulletproof.
- When you reach a place of relative safety, stay down and do not move. Wait and listen for directions from Public Safety and/or law enforcement personnel.

IF SUSPECT IS IN CLOSE PROXIMITY

- An individual must use his/her own discretion about when he or she must engage a shooter for survival.
- Generally, one can lie motionless and pretend to be unconscious or confront the individual.
- Plan as to how you will survive the situation.
- Make a total commitment to action and act as a team with others if possible.
- Do whatever is necessary to survive the situation.

IN THE EVENT THAT THERE ARE HOSTAGES

Call the police and be prepared to give the following information:

- Identify hostage location in building or area.
- Number of assailants, if known.
- Number of hostages, if known.
- Identity of assailant(s), if known.
- Any description of assailants and weapons.
- Any demands made by the assailant(s).
- If you are at a distance, move away from the location to a safer area.
- If you can do so safely, evacuate area to a safer location.

- If possible, provide the above information to a Public Safety or Law Enforcement officer once you are in a secure location.

AFTER INCIDENT

- Seek medical attention if needed.
- Assist police by offering any information you know about the shooter(s) and tell them what you saw and did during the incident.
- Seek Counseling if needed.

In light of violent incidents at other colleges and universities, the San Francisco Community College District Police Department provides training upon request on how to respond to Active Shooter/Violent Intruder incidents. Training for Active Shooter/Violent Intruder incidents is meant to help people help themselves and develop a survivor attitude by taking action and preplanning. This training is available to faculty staff and students by contacting the campus police.

Emergency Response, Emergency Notification and Evacuation Statement

The San Francisco Community College District police officers and supervisors have been trained in Incident Command and response to critical incidents on campus. In the event of an immediate threat to the health or safety of the college community first responders to the scene can be the SFCCDPD, San Francisco Police Department (SFPD), San Francisco Fire Department (SFFD) and City College of San Francisco Student Health Services. These first responders work together to manage the incident and depending on the nature of the incident could call-in other city, state or federal agencies to assist.

The SFCCDPD receives emergency and incident information from various sources such as our dispatch center, San Francisco 911 Emergency Communication Center, Department of emergency Management (DEM) and other law enforcement agencies. Once first responders confirm that there is a significant emergency or dangerous situation that poses an immediate threat to the health or safety of the campus community, first responders will notify SFCCDPD supervisors to issue an emergency notification. SFCCDPD will immediately activate the Mass Notification System (RAVE). The content of the emergency notification will be determined by the type and size of the incident, as well taking into consideration the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. In *the* event that a significant emergency or dangerous situation occurs, The San Francisco Community College will:

- Confirm the existence of a significant emergency or dangerous situation.
- Determine the appropriate segment or segments of the campus community to notify.
- Determine the content of the emergency notification.
- Initiate the emergency notification system – RAVE.

The SFCCDPD will also coordinate with other first responders to send immediate notifications by email, text messaging, phone call or loud speaker to the college community.

The office of marketing and public information is responsible to maintain communications with local and national news outlets.

To test the RAVE Mass Notification System, it is activated once a year. To test the Mass Notification System-RAVE and email is sent to the campus community of the time and date of the test. During the test, it would explain if in fact, an emergency was to be taking place safety

information, directions, and updates would be provided. It is important for all members of the college community to subscribe and/or update their information at:

<https://www.getrave.com/login/ccsf>

Evacuation drills are performed at all San Francisco Community College District Campuses at least once a year. The evacuation drills are conducted by the Health and Safety Committee and the District's Emergency Preparedness Coordinator. The purpose of evacuation drills is to assess the District's response to emergency protocols, which includes the ability to evacuate buildings safely and in a timely manner, insure the safety of all employees, students and guests and assess training and resource needs. The exercise is both announce and/or unannounced.

<http://ccsf.edu/campus-police/emergency-procedures>

Fire Safety

IF YOU SMELL SMOKE OR SEE FIRE

- When a fire alarm sounds, you must leave the building immediately. Failure to do so may result in personal injury or injury to others.
- When out of danger, activate the nearest alarm and or dial 9-1-1.
- If you are instructed to evacuate, leave the area as quickly and safely as possible.
- Use the stairs to evacuate, never use the elevator in the event of a fire.
- Before opening a door, use the back of your hand to see if it is hot. If the door is hot, do not open it. Stuff clothing beneath the door to prevent smoke from coming in. Open a window if possible.
- If the door is not hot, open it slowly and look into the hallway for signs of smoke or fire before leaving the safety of the office or room.
- Remember to stay low if there is smoke in the air.
- Please give assistance to all persons with disabilities.

Earthquake Safety

Earthquakes strike without warning and the major shock is usually followed by numerous “aftershocks.” An earthquake’s effect on buildings will vary from building to building. Fire alarm or sprinkler systems may be activated by the shaking. Elevators and stairways may be damaged.

Safety Procedures for Inside Building

- Get under desk, table or other sturdy furniture with back to windows.
DROP AND COVER
- If no furniture is available, sit in a corner, with back against a wall away from windows.
- Drop to knees, clasp both hands behind neck, bury face in arms, make body as small as possible, close eyes, and cover ears with forearms.
- Stay away from windows, bookcases, or other heavy objects.
- Maintain position until shaking stops

Outside Building

- Assume **DROP AND COVER** position in an open space.
- Maintain position until shaking stops.
- Move away from buildings, trees, overhead wires, and poles
- **DO NOT** enter building until it has been determined that it is safe.

Hazardous Material Incidents

Hazardous materials are substances or chemicals that pose a health hazard, a physical hazard, or harm to the environment.
