- b. [Standards & Practices update](#) - Alexis Litzky, AS President (see meeting materials folder for slide deck)
  - i. Working toward a vote on changes to bylaws in December will require several factors—Academic Senate vote and faculty-wide vote, followed by approval by Senate. Possible changes include suspension of departmental limits during a non-competitive election cycle, and when it would go into effect; change of term limits from 2- to 3-consecutive 2-year terms (total of 6 possible years, or 3 terms). Endorsement of process is forthcoming in Academic Senate, at Spring Plenary, and open session in early March 2025 (election of ASEC members in April 2025) with possible implementation in May 2025 (see timeline in slide deck)
  - ii. Councilmember comments included compliments for the presentation, the timeline, and move toward more engagement in voting and the work of the Senate. Concerns over term-of-office change were expressed, noting that what is needed is more engagement by faculty with the Senate. Additional issues included the need to increase size of representation, need for compensation for serving as a representative. President Litzky noted there is no common standard across ASCCC for these issues.
  - iii. This item will return to the Senate on December 4, 2024.
- c. Education Policies Committee recommendations - Fred Teti, Ed Policies Chair
  - i. Deleting [BP 6.01 Instruction General](#) and [BP 6.02 Instructional Organization and Standards](#)

**2024.11.20.6.C.1. Delete BP 6.01 Instruction General and BP 6.02 Instructional Organization and Standards**

Whereas the Education Policies Committee reviewed [BP 6.07 - Standards of Scholarship](#) and recommended updates to BP 6.07 and developed a new AP 6.07, therefore be it

Resolved, the Academic Senate recommends the College adopt the updates to BP 6.07 - Collegiate Standards for Grades, Coursework, Earning Credit, and Progress and adopt AP 6.07 - Collegiate Standards for Grades, Coursework, Earning Credit, and Progress.

Approved with 16 votes.

- d. [Strategic Enrollment Management Plan](#) - David Yee, Interim Vice Chancellor of Academic and Institutional Affairs
  - i. Asked for postponement of approval until the next ASEC meeting. Feedback document is part of the SEMP website which will be closed next Tuesday, November 26, 2024. All feedback, of any type or size, is welcome.
  - ii. Abigail Bornstein asked how the framework's four areas will tie in with the budget. David noted that this document does not directly

address this, that that will require alignment with the Budget Department and that updates will arrive at a later date, as this document is “a living document.”

- iii. Jonathan Potter noted the need for hierarchy in sections, more specifics on mentorship, and more information on course offerings that will bring in revenue under Student Centered Funding Formula (SCFF). David said he is working with the Student Completion Center on mentorship, and that the final version of this document will be formatted to be more accessible.
- iv. Mitra Sapienza noted there is no mention of closing equity gaps and the California Community Colleges’ Vision 2030 and Rising Scholars Network.
- v. Chad Stephenson noted adult education information is missing a contact person and data. There is a need to connect to the mission of the college’s lifelong learning role and as the adult education provider and the marketing plan should also include methodology on older adult marketing, specifically multilingual marketing. OLED should be consulted as well as the NCAE Committee.
- vi. Lillian Marrujo-Duck noted the goals seem to make the college more efficient and effective and that the plan needs data endpoints to describe outcomes.

7. The Council took a five-minute break

8. New Business

- a. [Draft Accreditation Follow-Up Report](#) - Sheri Miraglia, Accreditation Steering Committee co-chair
  - i. First read across constituency groups, as well as the Board of Trustees. Of note, the financial challenges continue to be a challenge and evidence of resolving this continues to be needed. Second read will be on December 4, 2024. Accreditation team will visit on March 28, 2025.
  - ii. Craig Persiko asked about training for the incoming Board members and can training be codified? Sheri reported past practices have included retreats which have not included training to her knowledge.
  - iii. Fred Teti noted the lack of indication of adoption or receipt of policy recommendation from the Senate. Sheri said she will bring this back as feedback. President Litzky noted that BP 1.35 (on board professional development and orientation) is on record.
  - iv. Lillian Marrujo-Duck seconded Fred Teti’s recommendation.

- v. Abigail Bornstein noted the “adopting a balanced budget” section of the report did not have multi-year scenarios as listed, only a multi-year projection and noted that Board minutes are very generic.
  - vi. Mitra Sapienza asked who was on the ad-hoc committees and did they consult with other groups?. Sheri responded that no faculty, only Board members consulting with other groups, fell into their work. Sheri noted that the VP of Finance will be providing scenarios to the Board but that Operations is how this is built.
  - vii. Lillian Marrujo-Duck asked if there was a plan to have the Board resolve their issues. Sheri noted that as long as ACCJC is watching the meetings this has shown to be true.
- b. Credit for Prior Learning (CPL) update - Megan Corry, CPL Coordinator
- i. She called out CPL in the Strategic Enrollment Management Plan (SEMP). Students are aware of the possibility of credit for CPL, especially those with industry credentials. There is an average of 17.5 units per student for colleges providing CPL because they can stay and finish their degree. Students have been asking before enrolling to see if credit would apply and this will depend on the department.
  - ii. Industry credential alignments are in EMS and ADMJ. Continued work is needed for CNIT and Business to meet discipline needs. Portfolio alignment is working with Cinema 24 to align with student learning outcomes-SLO and Curriculum Committee are in line for other consultation sessions with CPL to confirm portfolio alignment.
  - iii. More emphasis on veteran students is needed in SEMP–there have been many changes to student training alignment particular to veterans. ACE Military Guide is being used, not the ACE national guide, to meet alignment and standards for CPL.
  - iv. CSUs are on board with CPL, while UCs currently use Credit-By-Exam (CBE). Counselors are aware of CPL and how to guide students and give input into CPL.
  - v. Admissions plays a critical role in taking in information, along with transcripts, for CPL.
  - vi. SEMP describes partnership with employers (e.g. public safety) to improve connection between programs and outcomes for workforce training.
