

EASE Workgroup Update – Spring 2024

Accreditation Steering Committee

May 7, 2024

EASE: Key points for Spring 2024

- Centers are experiencing challenges as a result of staffing shortages, particularly noted for enrollment and library services
- Programs at the Centers have reached out to programmatic accreditors and are in communication with them about CCSF's accreditation status being at "warning" (particularly important for John Adams, Evans)
- ORP updated the Tableau Dashboard - Centers and Student Residence, which provides useful snapshots for each CCSF location
- Substantive conversations with the Bookstore are continuing regarding their efforts to make improvements in serving student needs

EASE Core Service: Bookstore

EASE Workgroup Activity 3/12/24: Key bookstore activities & services

Use sticky notes to suggest key bookstore activities & services (1 suggestion per sticky note)

*right-click on an existing note template below, select "edit", or click the icon on the left menu to start a new note.

- Taking a tailored approach by Center
- Planning increased outreach and conversations
- Considering connecting with Associated Students for direct student input
- Appreciate the ongoing collaboration!
