An in-person midterm and final exam is required for all students. Midterm exams will be held on Oct. 15, 16, and 18 (students must attend only one of these), and final exams on Dec 13, 15, and 16 (again, students must attend only one of these). Students will also complete coursework in Carvas, which must be accessed using an internet enabled device. This class is part of CityOnline (https://ccsf.edu/cityonline) and is 16 weeks. For course details, students must check the instructor's website (https:// sites.google.com/mail.ccsf.edu/bryja). BIO 20 Introduction to Ecology Section # is an Asynchronous Online course. Students will complete coursework in Canvas which requires an internet-enabled device. This class is part of CityOnline (http://www. ccsf.edu/academics/online-learning/cityonline) and is 17.5 weeks. For course details, students must check the instructor's website Instructor's Website (https://sites.google.com/view/biology-20-introduction-to-eco/home) or email Joseph Cannon at jcannon@ccsf.edu

BIO 33: Introduction to Conservation Biology

Recommended Prep: (Readiness for college-level English) or ESL 188.

70204 961 09/02-12/19 Online Asynchronous Onl BIO 33 is a 16-week online course that is part of CityOnline and requires the use of the Canvas Learning Management System to deliver asynchronous lectures and assessments. This class also requires live online discussions that will meet using CityZoom, Zoom's web conferencing platform in Canvas, using an internet enabled device. The required synchronous discussions will meet weekly, online on Wednesdays from 6:30-7pm pm. Please refer to the course website for more information: https://sites.google.com/mail.ccsf. edu/bio33/home.

LOCATION CAMPUS

INSTRUCTOR

This is an asynchronous online section. There are NO in-person meetings and NO virtual meetings. For more information, please visit the instructor's website (https://sites.google.com/mail.ccsf.edu/samuel-johnsonmain/home).

This section runs for the whole semester. It is NOT self-paced. It requires the use of Canvas and an internet-enabled device.

This section is part of CityOnline. For student support and other services, students can check Welcome to CityOnline (https://ccsf.instructure.com/courses/39802/pages/welcome). For more information about CityOnline, please visit the CityOnline website (https://www.ccsf.edu/academics/online-learn-ing/cityonline).

This course covers programming fundamentals using the Python language. Python is interpreted, interactive, and object-oriented. Recommended for general-purpose programming, system administration, or web programming. Topics include classes, objects, inheritance, polymorphism, design and implementation of abstract data types, dictionaries, lists, list comprehensions, files, modules, and mutable and immutable types.

This class requires in-person, live online meetings and the use of Canvas. In-person meeting information (meeting days, times, location) is in the class schedule. Students will also complete coursework in Canvas, which must be accessed using an internet enabled device. Live online meetings require the use of CityZoom, Zoom's web conferencing platform in Canvas, using an internet enabled device. This class is part of CityOnline (https://ccsf.edu/cityOnline) and is 16 weeks. For student support and other services, students can check Welcome to CityOnline (https://ccsf.instructure.com/courses/39802/pages/welcome).

INSTRUCTOR

This class requires in-person, live online meetings and the use of Canvas. In-person meeting information (meeting days, times, location) is in the class schedule. Students will also complete coursework in Canvas, which must be accessed using an internet enabled device. Live online meetings require the use of CityZoom, Zoom's web conferencing platform in Canvas, using an internet enabled device. This class is part of CityOnline (https://ccsf.edu/cityOnline) and is 16 weeks. For student support and other services, students can check Welcome to CityOnline (https://ccsf.instructure.com/courses/39802/pages/welcome).

| in-p loca fere we ins cer | This class requires in-person and live online meetings. The course meets online on Monday 9-12, and in-person on Wednesday 9-12 at the Ocean Campus. In-person meeting information (meeting days, times, location) is also in the class schedule. Live online meetings require the use of CityZoom, Zoom's web conferencing platform in Canvas, using an internet-enabled device. This class is part of CityOnline and is 17.5 weeks. For student support and other services, students can check Welcome to CityOnline (https://ccsf.instructure.com/courses/39802/pages/welcome). This course is a prerequisite to most degrees and certificates in PHOT and VMD. | | | | | | | | | | |
